

About SVERI

Shri Vitthal Education & Research Institute (SVERI) is a charitable trust established by a group of experienced technocrats in the year 1995, with the motto of promoting professional education. At present, SVERI has focused its activities in rural area and as on today it has following four professional colleges under its umbrella providing education to around 4000 students (~2000 girl students) in its Gopalpur Campus: College of Engineering, College of Pharmacy, College of Engineering (Polytechnic), College of Pharmacy (Poly.), Pandharpur. Institute has shown an academic excellence in diploma and undergraduate courses. Institute has Post-Graduate and Ph.D. programs in Engineering and Pharmacy. Along with professional academic activities, SVERI is actively involved in Science and Technology (S&T) based rural development. As a part of the same, Institute has set up in campus Rural Human and Resource Development Facility-RHRDF, sponsored by RGSTC, Government of Maharashtra, with the technical guidance of Bhabha Atomic Research Centre – BARC, Mumbai under the MoU signed with BARC on Sept 15, 2011.

About Pandharpur

Pandharpur is not a common piece of land. It is popularly known as "South Kashi" of India and also considered as "Spiritual Capital" of Maharashtra. It's an epicenter of inspiration to lakhs of people throughout the country. Lord Vitthal, the incarnation of Vishnu- Shrikrishna - had appeared here in Pandharpur. Shrikrishna is held in Hindu mythology as the complete symbol of devotion to the work. A Karmayogi, who taught that only the devotion to the duty is the final answer to any difficulty. Getting pleased with the devotion of Pundlik towards his duty of taking care of his parents, Lord Vitthal appeared at Pundlik's doorsteps. Pundlik preferred to stick up to his duty and made Lord Vitthal to wait. It is believed that the Lord Vitthal was pleased with this and is still gladly waiting here.

Pandharpur, thus, is an icon of virtues. Commitment and undeterred, unqualified devotion to the duty is the message that fills the air of this beautiful region. Pandharpur is at the south of Maharashtra, eight hours of motor drive from Mumbai, Hyderabad and hardly four hours from Pune. Like its rich historical heritage, it is also rich with natural resources, surrounded by irrigated land and flowing river Chandrabhaga. Being agriculturally developed, it is full of fresh air. This nature of the City has provided an insulation from a number of social evils, which have otherwise threatened other metropolitan cities. Pandharpur, therefore, provides a perfect environment for education. Creating an environment for learning makes a difference in education. Pandharpur has all that in abundance. Students need devotion, and it is in the air of Pandharpur, making it an ideal place for an educational institution.

Secretary Message

My Dear Parents,

Shri Vitthal Education and Research Institute's College of Pharmacy is committed to impart quality pharmacy education to its UG and PG students, with an aim to make them employable and socially acceptable leaders, besides making an effort to instill entrepreneurship traits in them.

Our campus is laced with essential and desirable facilities for overall development of students. Teaching and learning process and various activities are planned in line with the institute's vision and mission. I congratulate all the students for taking admission in one of the best pharmacy institutes in India. I also wish them all the luck for a bright future.

I personally feel that a degree with a higher number of marks is the need of the hour. However, the values for life are equally important for ensuring an all round success of the student. We have therefore devised the entire education process at the college which takes care of all these important factors. We create an environment where learning happens naturally through discipline, punctuality, hard work, physical fitness, behavior science, teamwork and creativity which become the natural phenomenon at our campus. At SVERI we don't intend to dispatch degree holders, but to release engineers who are ambitious, responsible and can stand out in the crowd as the most respectable citizens. And this has been happening from the beginning. We are proud of these personalities, who proudly say that I am a student of Pandharpur Engineering College and a member of the SVERI family.

The Management is inspired by a different turbo force. We ourselves believe in discipline and follow it. We have unshakable commitment and are proud to witness the rich dividends obtained since the inception of the college.

I sincerely invite you to share my dreams which are similar to your dreams. Let us jointly ensure a bright, assuring and enviable engineering career for our child. I assure you that I am committed to whatever is expressed above.

Sincerely,

Dr. B.P. Ronge

Founder Secretary.

Principal Message
